LAS ALAMANDAS ANNOUNCES THE GRAND OPENING OF ITS NEW FACILITIES CREATED TO PERFECT THE RETREAT TO PARADISE

COSTALEGRE, Mexico, January 24, 2007 – Buzzed about as a popular secret getaway for A-listers, Las Alamas today announced the grand opening of several new additions to the resort hideaway hailed by *The New York Times* as “A Garden of Delights For A Happy Few.”

For families on holiday with children, the Alamas Kids’ Club offers a sophisticated mini-resort all its own, specifically designed for the young vacationers to Paradise. Surrounded by lush lawns directly beside the beach with panoramic ocean views, the Kids’ Club consists of an open-air pergola with programmed kids’ activities (coloring, painting, crafts), fun-filled playground equipment (“Jungle Gym” with spiral slide, swings, monkey bars, playhouse and more), a variety of toys, games, badminton setup, and mini soccer field. Child-sitting services are also available upon request.

Next, Las Alamas is pleased to announce its last architectural addition to the property- the new Las Alamas Art Gallery, TV and library lounge, conference room, and the newly opened “Estrella Azul” - the ultimate Rooftop Lounge Bar.

Highlighted by Alamas’ signature bright colors, surrounded by gentle fountains and magically lit at night, the Gallery showcases a revolving collection of artwork by various local Arts and Crafts Masters. The Gallery at Las Alamas also serves as a spacious new reading, relaxing, meeting and media room complete with oversized sofas for comfortable gatherings in front of a large-screen TV. Here, guests may view International Satellite programming, choose from an extensive collection of classic and current movie hits, or conduct small business meetings, briefings and/or presentations in great comfort and style. There is also a selection of board games including backgammon and chess to enjoy in a relaxed and luxurious setting.

With the new “Estrella Azul” Rooftop Lounge Bar, Las Alamas is turning up the heat with this hot and sexy latest addition to its already romantic and sensuous surroundings. Combining all the chic lounge tactics found in the world’s elite bar hideaways with Alamas’ idyllic warm climate and ocean breezes- “Estrella Azul” creates the mood for enchantment and excitement. Whether curled up in the cushions as a couple, or gathered socially around the colorfully illuminated bar with friends, here guests feel on top of the world.

With a name meaning “Blue Star,” the blue bar merges with the sky as you lie back amongst oversized turquoise cushions with the sound of a cool breeze softly swaying in the palm tops. Relax under “Orion’s Belt” and gaze at the night’s skies, a telescope to explore further and catch those shooting stars! Discover the world of Tequilas and aphrodisiac mescal, nibble on freshly prepared Hors d’oeuvres and dream away the night to the sounds of music.

Las Alamas is also pleased to announce the addition of a new half basketball court and full-scale renovation of its tennis courts, which are brightly lit for nighttime use.
